

## **Exposing the People Trying to Take Over America and the World**

(Blog 0008 AndrewHadden.com)

It sounds like something out of a comic book, or a secret agent or superhero movie. People trying to take over the world? How about secret Satanists worshiping Satan by another of his biblical names, Lucifer? How about extremely evil, murderous, pedophiles out to draw your children into perversion and the occult – with them? What if they have infiltrated our government, and the governments of countries all over world, as well as the judicial and legal systems, and the media, and they run our financial institutions? What if they worked with the CIA to develop ways of controlling people completely, without them knowing it – and succeeded? What if they plan to put in place a world leader that will put all of them and their children in the ruling class over everyone else, the world over?<sup>1</sup>

What if this is not “conspiracy theory” created by “conspiracy theorists” sitting alone and, without knowledge or evidence, speculating about what might be going on? What if eyewitnesses, people whose families have been in the organization for generations, are coming forward and trying to be heard – people who could testify in court if they had the protection to not be murdered, or have their children murdered, before they could testify? And what if the goal of these secret Satanists matches biblical prophecies of an evil world leader to rise in the End Times – the Antichrist?

Have I got your attention? What if I add that ALL of the “what ifs” above are true? They are true. People have come out of this organization and tried to expose it for many, many, years. You know the method developed by this organization, in cooperation with the CIA, to keep anyone from believing any of this? Call it “conspiracy theory” and ridicule anyone who pays any attention to it. Isn’t that sophisticated? Just use what the arrogant ruling clique in your junior high school did, and ridicule and make fun of anyone who does not fall in line. Are you going to keep falling for this until these people rule you and your children? I hope not.

How do journalists and courts of law know to believe witnesses reporting something going on? They check out the story being told. They see if anyone else can corroborate what the witness is saying. They try to validate the truthfulness of the witness. Are they who they say they are? Were they in a position to see and hear what they say they saw and heard?

I am an eyewitness to some of what is stated above. I have come into contact with other eyewitnesses or heard and/or read their testimonies. I have heard others attest to the integrity of those eyewitnesses – people who had contact with them when they were in the organization or after they came out. I believe I have applied the same standards as trusted media outlets apply to validate the witness I will rely on for much of what I say here. Plus, I am relying on what I have seen with my own eyes. And, I have spent my life becoming attuned to the voice of God, and I rely on what he endorses to me as well. He is an eyewitness to everything occurring or which has ever occurred.

<sup>1</sup> Per Svali in 2000 with interviewer HJ Springer, Chief Editor CentrExNews.com, as reported by <http://educate-yourself.org/mc/mcsvaliinterviewpt7.shtml> accessed 04/01/2012.

The organization of the people I am describing generally gets called the Illuminati, even though it is not the organization created publicly with that name, but the people behind it. They trace their history back to ancient Babylon, Egypt, and Celtic druidism, as well as through the Knights Templar and other eventually occult and perverse organizations. Eyewitnesses also link them to the royal families and incredibly wealthy mediaeval banking families of Europe. Some eyewitnesses name the Rothschild family as involved, and one estimated their wealth with figures (hundreds of trillions) that could allow them to bribe, entrap and blackmail, or pay to assassinate, any leader anywhere in the world, or start and finance any war they wanted to.

God has specific things he wants me to point out here. He has quotes from someone I consider to be a reliable source that he wants me to include. This is a source God endorsed to me and my wife years ago and which I have heard people, in a position to know, endorse. One endorsement relayed to me was someone who knew her and her position when she was in the Illuminati. Another was a minister who helped her and had much contact with her after she came out. Her family was very connected in the Illuminati, with her mother having known or been friends with people high in the CIA, including the family of a CIA director and a leader in the infamous MKUltra projects. She exposed the Illuminati because they were holding her children captive. It was her way of forcing them to release her children. She made nothing from telling her story. She protected herself by writing under a pseudo name, Svali.

I said that I am also an eyewitness. For my story, see my blog entitled, “Corruption in Government,” on AndrewHadden.com. I saw the inside of the CIA’s MKUltra projects as a child, as one of the “test subjects” tortured, traumatized, and brutally trained under the program trying to create mind-controlled assassins and agents – by starting with grade-school-aged children. They did learn to control people to do their bidding outside of their conscious awareness at the time, and without retrievable memory of it for decades. (They split one’s personality, with trauma and torture, and keep the new personality secret, and control when it comes to control of the person, and when it slips into hiding.)

I told my story to someone who escaped the Illuminati, and whose family was high in the Illuminati, and who knew a lot of people still in the Illuminati, or who had come out. They confirmed all of my memories of the training and the occult. They were very familiar with the training and knew others who had been through it – with the same memories. The training was on a military base and included open sexual abuse, rape, of children, as part of the protocols. These were people who saw themselves as above the law, with no fear of being caught or prosecuted. I saw what they did to my family of origin for years, unconscionable evil.

God put me through a long, difficult, and painful process to get these memories to come to conscious awareness and heal me and break any control. He needed someone to expose this and I was willing. My wife experienced similar torture and mind control used by Satanists in middle America, and suffered through a similar process to get the memories to conscious awareness and get healed so she could expose them. Her memories were also validated by people who had come out of the occult. I dare anyone to call us “conspiracy theorists.”

Disney has been in the news. Because I researched these things years ago, I have kept an eye on Disney, and the movies they have produced, especially movies for children, for years. Svali

mentioned Walt Disney and said, “. . . he was an Illuminist, and *Fantasia* was used to program children.”<sup>2</sup> An “illuminist” is her term for someone in the Illuminati, one of the supposedly “illuminated” or enlightened ones who worship Lucifer. She was not the only one in a position to know who has asserted this. Disney started with a little presentation of the occult in their stories but now promotes it to children blatantly.

And now Disney is trying to interfere with parents trying to protect their children from perversion being taught in early grade school. Yes, I said “perversion.” That is what the Bible calls it. That is what Christian, Jewish, and Muslim morality calls it, or worse. How long will we be bullied by closet Satanists to not fight for everything we believe in, and leave our children as casualties on the moral battlefield of the nation? This is not “science” versus anything. This is perverted science promoted by the most evil and immoral people in the nation, seeking to destroy Christians and anybody else that stands up against them. I understand wounds and the demonic – probably as well as anyone on the planet – and those are what God says are the real causes of perverted attractions. Demonic spirits can impose emotions or desires of any kind. Christians can command them to stop. People need not be at the mercy of feelings that are not their own, but imposed on them from without. Let’s help heal those drawn to perversion by healing their wounds and delivering them from demonic inhabitation or influence. That is real love and a real solution, supported by real science.

And the wounds that cause perversion are often suppressed – because the Illuminati has spread their methods to local Satanists and pedophiles so they know how to secretly traumatize and molest our children and not have them remember it for many years. I have greater love for those drawn to perversion than those that encourage them in what will destroy them. It seems the closet victimizers are trying to permanently trap our children in what will put them in their clutches forever.

When describing the Illuminati, Svali said:

These people are pedophiliacs, they abuse and torture small children . . . . They run the porn industry . . . . They make enormous amounts of money from drug smuggling, gun running, and human slavery . . . . They are involved in evil and money making in the extreme. If a profit is being made off of human suffering, you can trace the chain back somewhere to these people.<sup>3</sup> . . .

Svali warns:

The Illuminati are present in every major metropolitan center in the United States. They have divided the United States up into 7 major regions, and each has a regional council over it, with the heads of the local councils reporting to them. . . .

The Illuminati believe in controlling an area through its:

1. Banks and financial institutions (guess how many sit on banking boards? You'd be surprised)
2. Local government: guess how many get elected to local city councils?
3. Law: children are encouraged to go to law school and medical school.
4. Media: others are encouraged to go to journalism school, and members help fund local papers.<sup>4</sup>

The Illuminati seeking control of the media is something Svali spoke and wrote at length about. Here are some key quotes:

The Illuminati believe that to control the media is to control the public. This is one of their stated agendas. Remember, finances, media, law, government and education are the areas they targeted as being the best to dominate society. . .

Money talks, and especially in Hollywood. If you have money, you can get about anything made, and they know this. They can also channel money into advertising campaigns, etc. for their films (how many Christian films have had major ad campaigns in the past twenty years? Very few. How many occult movies have? I rest my case).

This has been a slow, subtle process because they are patient. They have been working behind the scenes for hundreds of years, and they know that the public is slow to accept new ideas, that it has to be done gradually. (They call it leading in the "sheep" which is one of their terms for the "unenlightened"). And it has been. The number of occult films that has come out in the past ten years alone should make anyone pause and think.

Why so many films with this theme? Why the desensitization of America's youth to the occult and magic?<sup>5</sup>

These quotes are from 2000 – but you can see the steady progression and acceleration of the Illuminati agenda to use the media to swing the nation and the world in accordance with their goals.

Now let me add what I have observed. The Telecommunications Act of 1996 unraveled the protections America had against a few dominating the media for the whole country. Bill Clinton signed it and it has allowed six companies, and their executives, to acquire and control most of the media outlets of any type forming the opinions of Americans and controlling what can be seen or heard not just on the news, but in most any program or movie put out by a major company, and even in most books, including textbooks. It appears the Illuminati have already achieved their goal to control the media in this country.

Having been made aware, by Svali's warning and by God, I have watched the media pump out their messages conditioning the masses to fall prey to Satan's agenda for the end times. The deceptions meant to facilitate enslaving the world have already been spread into the thinking of the unsuspecting masses of Americans. I have also watched them conditioning the world to see

Christians as hypocrites and evil, by portraying them that way in drama after drama on television and movies for more than thirty years. Every message spread this way is a potential nail in the coffin of every Christian in this country. Satan, and the Illuminati, both have the goal of the annihilation of Christians, because Christians are the only ones who have the spiritual authority to potentially obstruct their plans. The rising Antichrist is their champion chosen to carry it out.

I have a separate blog entitled “The Deal with China to Destroy the United States,” but God wants me to quote Svali on it here as well. She states, about the deal with China:

I have been out for five years, so my information is "old news" [in 2000]. But the military buildup of China is part of their plan. There are members of the group who are Asian, and very opportunistic. The Oriental Mafia groups are very much linked to Illuminati activity.<sup>6</sup>

Then Svali explains about the international structure of the Illuminati and the agreed positions of nations, including the U.S., once the Illuminati plan comes to fruition. Note that the U.S. will be below Russia and China in their plan, and many in the leadership in the U.S. will suddenly flee to Europe, where they have planned ahead and bought homes. Now doesn't that seem consistent with things in the news, with the media hand wringing about how it just wasn't prudent to interfere with Russia grabbing Ukraine, and already beginning the same kind of discussions in preparation for China to take Taiwan? Here is what Svali said:

The U.S. is considered lower, and younger, than the European branches. . . . Germany, France, and the UK form a triumvirate that rules in the European cult. The USSR is considered important, and has the strongest military groups. The USSR has been promised fourth position in the New World Order, BEFORE the role the U.S. would have, because the USSR has been more helpful and cooperative over the years with furthering the agenda. . . .

There is no Marxism in the cult. China will be ranked after the USSR, then the U.S. But a lot of the current U.S. leadership will be in Europe when the change occurs, and many have homes there. They will be "changing nationalities" overnight, as it were.<sup>7</sup>

It has been interesting knowing these things for ten years and seeing them play out in the news. Time to wake up, America! Time to wake up!

But you won't find the Illuminati in the phone book. So where is their visible structure, with power all over America, power needed to carry out their plan to take over? There are structures under their control all over America, even in tiny towns all across America, especially county seats – where the centers of government and law are.

Svali was asked about the Illuminati and Freemason connection, and if there was an infiltration of the Masonic Order. This was her reply:

<sup>6</sup> <http://educate-yourself.org/mc/mcsvaliinterviewpt5.shtml> accessed 04/01/2012.

<sup>7</sup> <http://educate-yourself.org/mc/mcsvaliinterviewpt12.shtml> accessed 04/01/2012.

The Freemasons and the Illuminati are hand in glove. I don't care if this steps on any toes, it's a fact. The masonic temple at Alexandria, Virginia (the city itself was named after Alexandria, Egypt, and is a hotbed of Illuminati activity) is a center in the Washington, DC area for Illuminati scholarship and teaching. I was taken there at intervals for testing, to step up a level, for scholarship, and high ceremonies. The leaders in this masonic group were also Illuminists.

This has been true of every large city I have lived in. The top Freemasons were also top Illuminists. My maternal grandparents were both high ranking Masons in the city of Pittsburgh, Pa. (president of the Eastern Star and 33rd degree Mason) and they both were also leaders in the Illuminati in that area.

Are all Masons Illuminati? No, especially at the lower levels, I believe they know nothing of the practices that occur in the middle of the night in the larger temples. Many are probably fine businessmen and Christians. But I have never known a 32 degree or above who wasn't Illuminati, and the group helped create Freemasonry as a "front" for their activities.<sup>8</sup>

Svali also listed people in both political parties who are in the Illuminati, and it included U.S. presidents in both parties, and people from both parties who ran for that office. Is that enough of a power base for their goals of taking over the world to be a concern? Time to wake up, America!
