

The Warnings to Government and Political Leaders

(Blog 0009 AndrewHadden.com)

If one reads the biblical book of Daniel, they find that God has been using prophets to warn government leaders a long time. You can go back before that and read Exodus and find that Moses warned pharaoh, the king of Egypt, before his nation was plagued and nearly destroyed. Jeremiah was sent to warn his own king and the kings of other nations – personally or by letters. It is an old and proven role. I am called to it now. But, like Moses, Samuel, Daniel, and Joseph, I am also called to lead in government. Their nations and their peoples benefited greatly from their help and leadership – because God put them there and anointed them for the task. Egypt survived a seven-year famine, with the Jews embedded within them, thanks to God’s help through Joseph. Daniel led, just beneath the king, in a foreign land that served foreign gods. Moses and Samuel led the people of God, in war as well as peace. Other prophets were instrumental in God intervening against their enemies to give military victories when the battle before them seemed hopeless. A world power was judged and defeated, with 185,000 slain by God in one night, and withdrew – when the hearts and deeds of the people of God were righteous.

As I pondered and prayed what to include here, God spoke clearly to include my dialog with him, including what I was thinking as God answered. Here it is:

I thought of much of the Democratic party administration being gone, their leaders put in by Biden anyway, and how that will change things, the opposition of the Republican leaders basically removed by God. I thought of there being people in the Republican party that are Illuminati too, likely the RINO’s (Republicans In Name Only), and God said, “They’re gone.” Now I wonder about those in Congress, like Schiff, Pelosi, and the “squad” of liberal socialists. I then remembered God had me warn Pelosi. God said, “Who left? Not many. I’m removing evil – to change the landscape of politics.”

I have written quite a few involved in government and politics. I include in the table below the ones God specifically said to mention. Many I told my story, my calling, which God later said would count as a warning to them. God is just. Some God considered unworthy of the mercy a warning represents. Some are not mentioned. One prominent leader God said would be “dangerous” to mention – though he appears Christian and circumspect. Christians must be prayerful to know who is worthy of their vote and who is a deceiver who will contribute to the plan to persecute and eventually annihilate Christians in America. There are those high in both parties.

As to earlier letters to leaders, I want to explain. God changes his plan over time to flow with the decisions, and failures, of men and women he intended to use. If you doubt that, read the scripture, particularly to do with the kings. God also, in mercy, delays judgments he has decided to bring, and had his servants announce. This can leave prophets being accused of being false prophets, even though they have faithfully spoken the word of the Lord based on his plan at the time. I deal with this issue in my blog on AndrewHadden.org, entitled, “When Prophets are ‘Wrong.’” The Church needs to hear it.

**Those Warned in Government and Politics,
Or to be Judged Without Warning**

Name	Position	Background
Joseph Biden & his administration	President of the United States and all those put in place by him and his election	God had had me warn President Biden, and his administration, by letters, in 2021. Excerpts of those warnings appear, with explanation, as Blog 0006 on AndrewHadden.com. I warned prophetically, speaking for God at his command, as his messenger, not warning or threatening in any way from myself.
Nancy Pelosi	Speaker of the U.S. House of Representatives, Rep. from California, prominent leader in the Democrat Party.	<p>I wrote Nancy Pelosi, at God’s command, and said, “My greatest service to the Church and the country has been to warn of things coming so that they can be avoided, or prepared for, and affected people can be helped and ministered to when the things warned of come.” I added, “It is important for you to have context. There is a passage of scripture that speaks of judgments God sends on nations that ‘sin grievously,’ ‘break covenant,’ or are ‘persistently unfaithful’ (depending on the translation). That passage is Ezekiel 14:12 and following.</p> <p>...</p> <p>Other passages speak of disasters coming as judgment for sin. Still other passages note that God will often turn back judgments declared when a nation repents of their sins, or delay them if intercessory prayer is made for them. But God also warns that if one spills man’s blood, especially innocent blood, judgment will come.”</p> <p>“These things will come by the judgments listed in Ezekiel 14 and disasters – by acts of God. (I am not threatening anyone, but trying to spare their lives.)”</p>
Adam Schiff	Democratic Representative to the U.S. House, representative for California, including part of Los Angeles	Of him, God said, “Schiff – no warning, but list. He’s going. Cohort of evil. I will not permit him any longer.”

RINOs	Republicans In Name Only	Of them, God said, “RINOs – they’re going, betrayers of the nation.”
Mitt Romney	Senator from Arizona, frequently included as a RINO.	God said of him, “No warning,” as he does with those he does not consider worthy of the mercy a warning represents.
Kamala Harris	Vice President of the United States	God tasked my wife with warning her, though she was certainly included in my references in Biden’s warning to those with him in these things.
Mike Pence	Previous Vice President of the United States	God has said he was warned by me having written and told him my story in detail. What God said was, “Pence – you’re right. He was involved – betraying. He’ll be gone . . . for a reason.”
